

School Delays and Closings

Winter is fast approaching and we want to make sure you are aware of how school closings, delays or early dismissals due to inclement weather will affect the operation of your AYS program.

Below is what to expect from AYS during different types of inclement weather situations.

Delays: AYS will operate when there is a two-hour delay.

Early Dismissal: If school closes early due to inclement weather, AYS will operate until parents arrive to pick up their children.*

**This plan depends on AYS staff being able to make it to the school safely.*

Closings: AYS will operate a snow site in **Decatur Township** when school is closed due to weather. The snow site for this year is: **Stephen Decatur Elementary**

317-697-1626

Please send a sack lunch for your child. Lunch will NOT be provided during snow days.

Fees: Children enrolled in full-time weekly tuition plans pay nothing extra for snow days, two-hour delays and early release days. Children enrolled in part-time weekly tuition plans can attend AYS up to three days each week. Additional days will result in extra session fees.

Please see your director for more information.

Be prepared during inclement weather!

Check our [website](#), like AYS on [Facebook](#) and follow us on [Twitter](#) to receive the latest AYS updates/news. When possible, AYS may email weather-related notices, so make sure your email address is on file. Add the AYS program cell phone number to your contacts list and always remember to call your school's office or AYS program phone for additional information during a weather event.

If AYS must close due to severe weather, we will notify local TV stations so they can include AYS in their closings/delays announcements. Please note, we are unable to give credits or discount weekly tuition in the event of weather related closures.
